Dear community members,

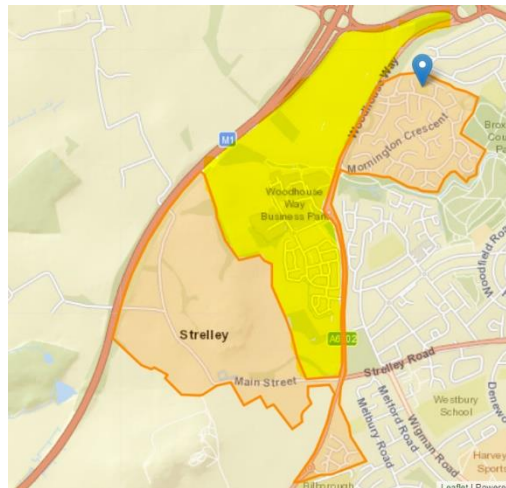

The governors of Mornington Primary School are looking to make changes to the school catchment area. We are wishing to gain the views of families and local residents on this matter.

The school's current catchment area covers the Mornington estate, as well as Strelley Village and the College Way estate in Bilborough.

The proposed changes affect the housing state located adjacent to Woodhouse Way Business Park. This area currently falls within the catchment area for the Djanogly Strelley Academy. It is proposed that these should instead be included within the Mornington Primary catchment area. This will give the families in this area two catchment schools.

The proposal is to extend Mornington Primary's catchment as indicated on the map below:

Including the Woodhouse Way estate within our catchment area will help us to resolve historical catchment issues. It will also enable us to realign the piecemeal geographical coverage inline with section 1.14 the Schools Admissions Code 2021 which states: "Catchment areas must be designed so that they are reasonable and clearly defined."

We currently have many families already part of our Mornington school community that live on this estate, which is geographically closer to Mornington than the current catchment school.

Website [www.mornington.notts.sch.uk](http://www.mornington.notts.sch.uk)

This change will allow Mornington to continue to provide high quality education to our current catchment families whilst also allowing us to extend this offer to other geographically local families.

We would appreciate any feedback from the local community which can be sent to:
